

CORTIZO

DESIGN 35 SCREEN & INTERNAL DOOR

Cortizo presents the new screen and internal door DESIGN 35, an industrial-style solution, ideal for dividing spaces in line with contemporary design trends. Its 35 mm deep aluminium profiles and sightlines of only 32 mm allow the creation of structures that separate areas while maintaining visual continuity between rooms. With glazing options up to 12 mm, the system offers fixed light and hinged door configurations with frame, accompanied by a range of handles and accessories featuring exclusive finishes.
